A By-Law for resuming certain lands in Township Thirty-five, in the Osoyoos Division of Yale District, for making and establishing a Public Road.

WHEREAS by the "Municipal Clauses Act" certain powers are conferred on the Council of township or district municipalities to resume any parts of land granted by the Crown, for making roads or other public works of public utility or convenience, so nevertheless that the entire acreage to be resumed shall not exceed more than one-twentieth of the whole lands granted as aforesaid, all as therein set forth:

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Tuesday, the 6th day of June, 1911.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

HIS Excellency in Council, under the authority of subsection (b) of section 17 of an Act respecting Forest Reserves and Parks, assented to on the 19th day of May, 1911, is pleased to establish the annexed regulations for the granting of leases for reservoir sites within the Forest Reserves, and the same are hereby established and made to apply to the Forest Reserves set apart by the said Act.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

REGULATIONS IN REGARD TO RESERVOIR SITES IN
FOREST RESERVES.

1. Land forming sites suitable for ponds, basins, and reservoirs, which have been reserved from general sale and settlement, may be leased to any company or person applying therefor who has satisfied the Minister of his or their ability to construct the works necessary to utilize the proposed site for the storage of water and for the beneficial use of the same in irrigation.

2. A lease may be granted for a term of five years, subject to the conditions that the lessee shall hold a licence in good standing for the water to be stored, that he shall use the land for the purposes mentioned in the lease, that he shall make beneficial use of the stored water in accordance with the terms of the licence, and that he shall comply in all respects with the provisions of "The Irrigation Act." Failure to comply with these conditions shall render the lease liable to cancellation:

Provided the lessee has complied with the conditions of the lease, he shall be entitled to a renewal thereof, subject to the conditions provided by the regulations then in force, for a further term of five years and shall be entitled to the same right of renewal at the expiration of the said term,

and thereafter at the expiration of the term of any renewal lease granted:

Provided that, at the time of the granting of any renewal lease, the rate of rental to be charged therefor may be adjusted or altered by the Minister of the Interior as he may consider in the public interest.

3. The rental to be paid for land leased for reservoir purposes shall be twenty-five cents per acre per annum. The first payment shall be made within sixty days from the date of the lease, and subsequent payments shall be made upon the 1st day of November in each and every year: Provided that a lease for any tract of land not exceeding ten acres in area, required for reservoir purposes, shall be granted free of charge, subject to the conditions mentioned in the foregoing Section 2, such lease to remain in effect for so long as the works in connection with which the said lease is issued shall be used for irrigation purposes.

4. In cases where lands are taken for reservoir purposes, the area shall include, in addition to the area actually covered by water in such reservoirs, a strip twenty feet in width around the margin of such reservoir, the width to be measured back from the highest point reached by the water in the reservoir at any point on the margin thereof.

Right-of-Way.

5. Licence of occupation for the right-of-way of any irrigation canal or ditch, or for works connected therewith, through any or all Dominion Lands, as shown by the memorial and plans filed in the Department of the Interior, may be granted to the person or company constructing such irrigation ditch, canal, or works free of charge.

6. The right-of-way through Dominion Lands or private lands for irrigation works shall comprise a strip, in addition to the width of the ditch, of twenty feet on one side of the ditch or canal and ten feet on the other side, such width to be measured in each case from the top of the inner slope of the bank of such ditch, except in cases where the nature of the country traversed shall require a greater width on one side of the ditch to permit of the construction of a road, in which case a sufficient width shall be allowed for proper side slopes in constructing such road. The applicant for a right-of-way will be allowed to take the twenty feet strip on whichever side he prefers, and to change it from one side to the other when necessary to give a good road: Provided that a greater width may be granted, not exceeding ten acres in all, when such shall be shown to be necessary for the effective operation of the irrigation system.

7. The lessee shall do no unnecessary damage to timber and shall take all necessary precautions to prevent the starting or spread of fire from his premises or operations and will comply with the terms of the regulations for Forest Reserves, and the instructions of the officer in charge of the reserve relating thereto.
